Technical high school Josy Barthel

Containing among others more than 60 classrooms, 11 workshops, 3 gyms and a 25 m swimming pool, this high school is built for 1300 students. Courses of the inferior divisions of the classical secondary education as well as all the classes of the technical secondary education are offered. Specifically, this high school has to assure, on the national level, the vocational training in civil engineering and in building industry.
